Borough Manager McElree asked Council for the recommendation to except the bid in the amount of \$1,382,604.53 from Elster Solutions, whose bid came in second and is approximately \$250,000 less than the Mueller bid. Borough Manager McElree stated the purchase of the water meters would be over four years. Borough Manager McElree mentioned he has had discussions with the manufacture of the water meters and they will honor the current price over the four years given that in the bidding documents a 3% increase is permitted every year. The electric meters will be paid in four quarters as the meters are taken in, over one year.

Councilman Rosenberger questioned if the Borough has any recourse if problems develop with the new software with Elser Solutions. President Roberts answered that the Borough has not yet received the contract or the withdrawal letter from Mueller Systems.
