PLANNING & ZONING COMMITTEE

Mr. Afflerbach asked Council to explain the Pedestrian Overlay Ordinance.

Councilman Scholl stated that there really isn't anything to explain because Council is considering obtaining help from the Bucks County Planning Commission to help prepare an

Ordinance, so currently there isn't any Ordinance.

President Roberts pointed out if the Resolution is adopted tonight, the County will work on an Ordinance, which could take months, and when that comes back from the County, Council will discuss and review the Ordinance and that is the time when public input will be taken.

Mr. Afflerbach stated that they are concerned that their use, auto sales and service, might be prohibited by the new Ordinance. President Roberts stated that their use would be grandfathered as long as it does not remain vacant for a year.

Manager McElree pointed out that at sometime within the next few months there will be a public meeting held with the County and the property owners in the overlay district will be notified of the meeting.

Ms. Majoros stated that there are a lot of vacant buildings, such as the old YMCA building, in the Borough and asked Council to consider a building for use by the senior citizens. Manager McElree stated that at the present time the Borough does not own any buildings that could be used for that purpose. Manager McElree pointed out that the building would need to be ADA compliant. The Borough is continuing its support to the Senior Center, currently allocating \$700.00 per month towards their expenses.
